

Membership

Our goal is to have The Clan Claus Society in every state, all provinces, and in as many countries as possible. All states, provinces and countries may elect an advisory board if they so choose. They may conduct meetings and hold Clan Claus gatherings so long as these are in compliance with The Clan Claus Code of Conduct. However, they may not collect dues of any kind. They may hold fundraisers, or obtain independent sponsorships or ask for voluntary donations. Under no circumstances may they violate the paid for life membership policy of The Clan Claus Society or refuse any Clan member entrance to any Clan event because the member did not make a "voluntary donation".

As the Clan grows we would like to see The Clan Claus Society take an active part in their state and regional Highland Games and have the Clan members march in their local parades - always portraying Santa in an appropriate and positive manner at all times.
